

THE TROLL'S KNOLL PARK

Parks and Green Spaces Levy Opportunity Fund

Seattle Parks and Recreation invites you to learn about the new community initiated project at the Fremont Troll. The goal of the park project is to utilize existing public land to create a new park in the heart of Fremont. The park will be a model design of a sustainable park space. It will include a P-Patch community garden and provide a critical pedestrian link to the developing neighborhood business district in northern Fremont.

The site is located in the right-of-way at the north end of the Aurora Avenue Bridge between 808 N 36th Street and 916 N 36th Street. Planning design and construction funding is provided by the Parks and Green Spaces Levy Opportunity Fund.

Seattle Parks and The Department of Neighborhoods are hosting two meetings to gather input and answer questions about the project and inform the community how to be involved with the P-Patch.

MEETING #1

REVIEW SITE ANALYSIS AND OPPORTUNITY FUND DESIGN

WEDNESDAY, JUNE 11, 2014
